Angled spoiler is permitted on the rear of the roof: no taller than four inches. All other Short Track Super Series Fueled By Sunoco body rules will be in effect at this event.

Qualifying:

Drivers will register and draw for hot lap groups. Drivers **must** hot lap in assigned heat-race groups. Hot laps will be timed. Utilizing those times, an invert will coincide with the number of cars scheduled to redraw (if the redraw is three, then the fastest car from the group will start the heat race third via the invert). The remainder of the heat lineup will be heads-up from times. Top qualifiers from each heat race will transfer to the redraw. The feature event starting field will be filled by qualified cars from heat races, consolations and provisional starters. The highest two drivers in STSS South Region points unable to qualify will be added as provisional starters (half green money). The speedway may add one driver as a "buy-in" at the back of the field.
